# Operator Training For High Frequency Tube & Pipe Welding

Presented by: **Joe Olson & RMTS** • *Roll Machining*

*Technologies & Solutions  
The Industry's Innovators  
& Idea People*

**A Valuable Addition to the  
World's First Tube Mill Operator**

## **DVD TRAINING SYSTEM**

### **VOLUME 8 INCLUDES:**

- **Welding Mechanicals**
- **Tooling**
- **Current Path**
- **Heat & Temperature**
- **Micro Etches**
- **Apex Angles**
- **Weld V Geometry**
- **Impeders**
- **Work Coils**
- **Squeeze Out Allowance**
- **Set-up Techniques**

- ✓ **Can be shown over and over- any place, any time.**
